## Evaluation of Your Pictures

The evaluation rubric on the right will help you understand what you need to do when you draw your pictures. It tells how the pictures will be evaluated. You can see that both the content and creativity of your pictures are important. Use the rubric to help you make sure you include everything you need in your picture.

## Picture Requirements

Remember that the requirements for the picture are to create two pictures (one for each paragraph) that illustrate the examples you used in your paragraphs about water use and children's lives. The pictures must

- Illustrate two features of culture from our list.
- Use the stories and photos from Kenya and Tanzania as sources.
- Be supported by at least two examples of water use from the photos or stories from Kenya and Tanzania.
- Must not focus on isolated incidents in the source materials.
